WOMENS STELLA T-SPS V2 WP JACKET

PRICE: \$ 329.99

Description

The all-weather, Stella T-SPS v2 WP Jacket offers a revised sport cut with a new dynamic silhouette designed for greater riding comfort and a stylized race-derived look. Engineered for an optimized women's specific fit, the Stella T-SPS v2 is constructed from an advanced blend of durable, abrasion-resistant 600D poly fabric, the jacket offers advanced protection and premium rider comfort. Featuring a waterproof (WP) membrane that is fully seam-taped, and a detachable thermal liner, the jacket is designed to ensure that riders stay warm and dry, during cold or inclement weather. With class-leading Nucleon Flex Plus protection on the shoulders and elbows, the Stella T-SPS v2 WP Jacket is ideal for urban riding. For sports riders looking for looking for a stylish and racing-inspired WP textile jacket, the Stella T-SPS v2 is a great choice that provides year-round comfort and wet weather performance.

Key Features

Durable 600 D polyester main construction with internal reinforcement on shoulders and elbows for additional abrasion resistance.

Fixed waterproof inner liner designed to keep riders dry in wet weather conditions.

Detachable thermal liner, 80g body, 80g sleeves, for optimal warmth, fit, and comfort.

Zippered, direct air vents, strategically positioned on both sides of torso for optimized airflow throughout all layers when opened, and for providing ventilation to the fixed WP membrane.

Construction

The Stella T-SPS v2 WP Jacket has an updated sport cut with a new dynamic silhouette for enhanced riding comfort along with a stylish, race-inspired look.

Constructed from an advanced blend of durable, abrasion-resistant 600D poly fabric for superior protection and comfort.

The jacket features a fully seam-taped waterproof membrane to ensure riders remain dry in wet conditions.

Low profile collar construction with soft lining for enhanced rider comfort.

Pre-curved sleeve construction for sport fit and rider comfort.

Volume adjustment on cuffs and waist for an optimized performance fit.

Removable thermal liner included, providing versatility and allowing riders to adapt the jacket to the wet or adverse weather conditions.

Fixed mesh liner for enhanced rider comfort with internal pockets for a divided chest protector and a back protector pocket, both available as an optional accessory extra.

Two front zippered pockets, and two inner pockets on the liner for safe and secure storage of personal items.

Pant connection with elastic loop and snap buttons closure.

Extended back for greater coverage and comfort when in the riding position.

New trims and reflective detailing on lower back.

Protection

Tech-Air® Ready.

Nucleon Flex Plus elbow and shoulder protectors for protection against impacts.

WOMENS STELLA MISSILE V3

LEATHER PANTS

PRICE: \$ 729.99

Description

The Stella Missile V3 Leather Pants feature a newly evolved, precise 'flex fit' design, with the pre-curved legs, and flex zones on the knee and waist delivering a close riding fit with plenty of stretch for optimal rider movement. Featuring a premium leather chassis for enhanced abrasion resistance and ergonomic stretch panels for comfort, these pants are also equipped with a ventilation port on the knee for maximum airflow. These pants are Tech-Air® ready and can accommodate the Tech-Air® 10 Airbag System, complete with its extended hip protection.

Construction

Extensive stretch panels on calf and crotch area for improved fit and feel.

Extended high rear waist construction provides greater overlap with the riding jacket.

Accordion leather stretch zones above the knee offer improved flexibility.

Premium leather main chassis constructed from 1.3mm genuine bovine leather.

Protection

According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply: Fully CE-certified riding garment to CE – Category II EN17092 standards – AA class.

Key Features

Ventilation panel on the knee delivers maximum airflow; the knee is CE Certified, even when the panel is open.

Comfort fit; design follows the contours of the knee for the optimal blend of comfort and freedom of movement.

'High Flex' design for an optimized fit and enhanced freedom of movement.

Optimized for an engineered women's fit.

Dual layers in exposed areas for additional abrasion resistance.

Pre-curved leg construction helps improve fit and reduce riding fatigue.

Strategically positioned ventilation on thigh for internal air cooling.

Waist connection zipper allows attachment to Alpinestars riding jackets

Hook and loop waist adjuster for secure and personalized fit.

Internal mesh lining with stretch panel inserts work in conjunction with outer stretch zones for freedom of movement.

Alpinestars GP-R Lite internal protection on knee.

Replaceable Sport knee sliders for excellent impact and abrasion resistance.

WOMENS STELLA SMX AIR JACKET

PRICE: \$429.99

Description

The Stella SMX Air Jacket features a main chassis constructed from mesh on the rider's abdomen, back, and inner arms, paired with 450D polyfabric reinforcement on the outer arms and shoulders. The Stella SMX Air also incorporates perforated 450D polyfabric on the upper chest for excellent levels of airflow during the warm, summer riding months. Extended polyamide stretch material has been incorporated on the rider's back, shoulders, and sides, with a high-density stretch material on the upper back. The stretch material provides an adaptive fit and a high level of freedom of movement, as well as offers the perfect expansion ability for use with the Tech-Air® 5 Airbag System. As the Stella SMX Air Jacket has been designed to provide premium ventilation, the jacket also comes with a detachable windbreaker liner to help reduce airflow when it's not needed, offering optimal climate comfort and versatility. DFS Lite external shoulder sliders paired with Nucleon Flex Plus CE Level 1 shoulder, elbow, and forearm armor together provide impact protection for the Stella SMX Air Jacket, resulting in a CE level A rated jacket overall. Derived from Alpinestars' MX DNA, the highly ventilated, Stella SMX Air Jacket is the perfect choice for the every-day commuter and weekend rider looking for a versatile and protective street sport jacket for riding in warm climates.

Construction

New inner construction for Nucleon protection insert upgrades, ready to accommodate the new Alpinestars' long back protector insert.

Mesh chassis with mechanical stretch combined with 450D polyfabric perforated in key areas including the chest panel.

Strategic stretch inserts on side torso and upper back panel.

Made with PFAS chemicals

Key Features

- Tech-Air® Ready.
- Dedicated female fit.
- Ergonomic design for optimal sport movement and flexibility.
- Detachable windproof liner.
- Waist adjusters.
- Waterproof compartment.
- DFS lite external shoulder protectors.
- Nucleon Flex Plus Level 1 armor.

WOMENS STELLA GRACE JACKET

PRICE: \$399.99

Description

Rooted in moto heritage and reimagined with a modern streetwear attitude, the Stella Grace Jacket fuses classic workwear aesthetics with a refined fit and subtle stretch for everyday riding comfort. Thoughtful details like pleated shoulders, tonal branding, vintage embroidered Oscar spiral patches, and top-stitching nod to Alpinestars' legacy, while integrated armor and a Tech-Air® Ready design enable advanced protection.

Key Features

Timeless Style: Workwear influence with top stitching, refined workwear details including metal eyelets, D-ring, branded tape, vintage Alpinestars patches, and Alpinestars wordmark for a classy look.

Premium Casual Comfort: Pleated shoulder design and ergonomic cuts to high levels of comfort while riding.

Customizable Fit: Mesh cuff gussets for a tailored, secure fit.

Functional Storage: Large zippered front pockets, chest pockets and an inner waterproof pocket for secure storage of personal items.

Protective Armor Inside: Equipped with Nucleon Flex Plus shoulder and elbow armor for enhanced comfort, breathability, and premium protection.

Construction

Stretch polycotton twill construction with water repellent treatment. Refined workwear details and premium accents including metal eyelets, embroidered patches, contrasting zippers, and zipper pull tab accents. Reversible snap button designed to secure the collar in place and prevent flapping while riding or walking.

Integrated pant connection loops for jacket-to-pant connection ensure secure on-bike fit and function when riding. Multiple utility pockets add both function and style, including two large zippered front pockets, two chest pockets, and a waterproof inner pocket for secure, convenient storage of personal essentials.

Protection

CE Certified Class A: Meets the highest safety standards as a CE certified A Garment, ensuring optimal protection and performance.

Nucleon Flex Plus Level 1 Armor: Equipped with Nucleon Flex Plus Level 1 Protectors on the shoulders and elbows for essential impact protection.

WOMENS STELLA DYNO

LEATHER JACKET

PRICE: \$ 769.95

Description

Engineered for an optimized women's specific fit, the Stella Dyno Leather Jacket is Alpinestars modern interpretation of a heritage jacket, and combines premium leather and a regular fit to create a jacket that looks great, on and off the bike, in any setting. This jacket is also equipped with a detachable thermal vest, which adds to its performance and versatility.

Key Features

Detachable thermal vest with 80g insulation at the front for effective cold weather performance.

Shoulder and elbow armor protectors are engineered with a low profile for a more tailored fit.

Low profile elbow protectors for a more stripped back and elegant aesthetic.

Tech-Air® 3 Ready.

Protection

According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply: Fully CE-certified riding garment to CE – Category II EN17092-4: 2020 standard – A Class.

Nucleon Flex Plus CE Level 1 rated shoulder and elbow armor for superior impact protection.

Construction

Constructed from 1.0-1.2mm bovine leather for the optimum blend of light weight, thinness, suppleness, and abrasion resistance.

The leather is dip dyed, and the oils used during this process results in a more natural finish with superior overall softness and a softer feeling against the skin.

WOMENS STELLA VIKA V2

LEATHER JACKET

PRICE: \$ 679.99

Description

VIKA is Alpinestars motorcycle apparel capsule collection for women, inspired by the catwalk to create a flattering female fit while still incorporating class-leading performance protection. With a soft leather shell and pre-contoured sleeves for superior comfort, the CE-certified VIKA v2 Leather Jacket incorporates stretch panels for a flattering figure-hugging fit – on or off your bike.

Construction

The propriety designs incorporate strategically positioned aramid stretch paneling to visually lengthen and enhance the female form while offering an optimized fit and supreme maneuverability.

The aramid panels are laminated to provide additional protection from the wind; VIKA is a perfect synthesis of form and function.

Made from supple and durable full-grain leather with a seamless one-piece soft leather collar, the VIKA Jacket offers a highly comfortable fit.

Protection

This garment is CE-certified.

Lightweight, highly contoured and removable CE-certified elbow and shoulder protectors offer superb impact protection. These high performance protectors are perforated for maximum breathability and are reduced in thickness to help female styling.

Designed by Alpinestars Women's Fashion team and featuring styling inspired straight from the catwalk.

VIKA differentiates itself from its fashion-orientated counterparts by offering high-performance, cutting-edge protection.

Key Features

Pre-contoured sleeves and extended back profile for added comfort and performance while riding.

The jacket includes an internal waist connection zipper for compatibility with the VIKA Pant.

A satin-embossed full liner adds to the luxurious feel of the jacket.

WOMENS STELLA T-DYNO AIR JACKET

PRICE: \$ 399.99

DESCRIPTION

Introducing the Stella T-DYNO Air Jacket, a tailored and breathable alternative designed specifically for female riders. Inspired by Alpinestars' esteemed heritage in crafting motorcycle riding gear, this jacket seamlessly merges vintage design influences with contemporary innovation, offering a unique blend of tradition and modernity.

Crafted with the female form in mind, the Stella T-DYNO Air Jacket stands out with its meticulously tailored fit and attention to detail. Building upon the timeless appeal of vintage motorcycle apparel, this jacket introduces innovative materials and design elements. Featuring extended 3D mesh on the yoke and sleeves, the Stella T-DYNO Air Jacket prioritizes breathability and airflow for maximum comfort during warm weather rides.

KEY FEATURES

Vintage-Inspired Biker Fit: The Stella T-DYNO Air Jacket seamlessly blends heritage style with modern innovation, featuring vintage design elements like synthetic leather at the cuffs for a timeless aesthetic. The jacket provides a biker fit that is shorter in length, offering a sleek appearance.

Airflow construction: The Stella T-DYNO Air Jacket features extended 3D mesh panels on the yoke and sleeves, maximizing airflow and ventilation to keep riders cool and comfortable.

CONSTRUCTION

Durable Materials: Crafted from durable 450D polyester with stretch panels on the back shoulders and under the armpits, the Stella T-DYNO Air Jacket prioritizes both style and functionality.

Enhanced Comfort: Featuring a soft comfort, inner collar, the Stella T-DYNO Air Jacket enhances comfort during long rides. The waist adjusters allow riders to create a custom, tailored-fit.

Convenient Details: pant connection loops, and zippered front pockets offer convenient storage for essential items.

WP Pocket: Inner waterproof pocket for secure storage of personal items.

PROTECTION

CE Certified: Meets CE Class A certification standards for protective motorcycle apparel.

Nucleon Flex Plus Protectors: The jacket is equipped with Alpinestars Nucleon Flex Plus Level 1 shoulders and elbows protectors.

WOMENS STELLA SP-8 V3

LEATHER GLOVES

PRICE: \$ 159.99

Description

A universal riding glove bristling with racing DNA, the Stella SP-8 v3 Leather Glove is constructed from highly abrasion resistant, full grain goat leather and synthetic leather, and delivers high levels of protection thanks to its hard knuckle protection. With a pre-shaped finger construction, a hook and loop cuff closure and a new anatomically profiled grip insert on palm and thumb, this glove affords a secure and highly personalized women's performance riding fit and high levels of movement and comfort.

Construction

Engineered specifically for an optimized women's performance fit.

Premium, full-grain leather and synthetic leather construction is comfortable, durable and offers excellent abrasion resistance.

Excellent repeated impact performance is offered by the molded hard knuckle protector.

Extended cuff for greater coverage with an integrated closure for security and ease of use.

An innovative microfiber and PU grip insert is strategically positioned on the palm and thumb for excellent levels of grip control and durability.

Alpinestars' exclusive ergonomic stretch insert between palm and thumb offers improved range of hand movement and greater sensitivity while operating the bike controls.

Protection

According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product: EN 13594 2015, Level 1 KP.

Key Features

Incorporates premium quality synthetic suede palm and landing reinforcement for grip, control and durability.

Alpinestars' patented third and fourth finger bridge prevents seam failure and finger separation in the event of a slide.

Perforated cuff, plus perforated finger sidewalls for superb breathability.

Hook and loop cuff closure, plus elasticized wrist design, for a secure, personalized fit.

Pre-shaped, anatomical finger design and external seams for comfort and exceptional feel.

Touchscreen compatible fingertip on index finger and thumb for use with touchscreen devices.

New construction for reduced seams and enhanced rider comfort.

Arshield reinforcement on palm for enhanced abrasion resistance in the landing zone.

WOMENS WT-1 DS INSULATED GLOVES

PRICE: \$ 99.99

Description

Optimized for daily commuting in all weather conditions, the Stella WT-1 Drystar® Insulated Gloves feature a long cuff design and advanced Drystar® membrane for premium waterproofing and breathability. With 100g insulation, these gloves provide excellent warmth and comfort, making them the ideal choice for cold-weather rides.

Key Features

All-Weather Performance: Constructed with Alpinestars' 100% Drystar® performance membrane for proven wet-weather performance and superior breathability.

Insulated Warmth: 100g insulation keeps hands warm while allowing excess heat and moisture to escape, maintaining rider comfort in colder temperatures.

Ergonomic Design: Soft PU knuckles flex naturally with finger movements for optimal on-the-bike control and added impact protection.

Rider Comfort: The versatile, mid-length cuffed gloves can be worn over or under sleeves for personalized warmth and comfort.

Touchscreen Compatibility: Conductive fingertips allow easy use of smartphones and other devices without removing the gloves.

Construction

Anatomically optimized for a woman's specific fit.

Constructed with a mixed textile back hand for softness and protection.

The soft suede palm, with overlay reinforcement, provides superior grip, enhanced abrasion resistance, and long-lasting durability.

The newly integrated, ergonomic soft PU knuckle delivers added protection while allowing natural movement of the fingers.

Easy and fast closure for a customized fit.

Protection

Ergonomic soft PU exposed knuckle for proven impact and abrasion protection.

According to European statutory law, the CE mark is a conformity requirement for the marketing of this product. The following standards apply:

Fully CE-certified riding garment to CE Level 1 KP.
